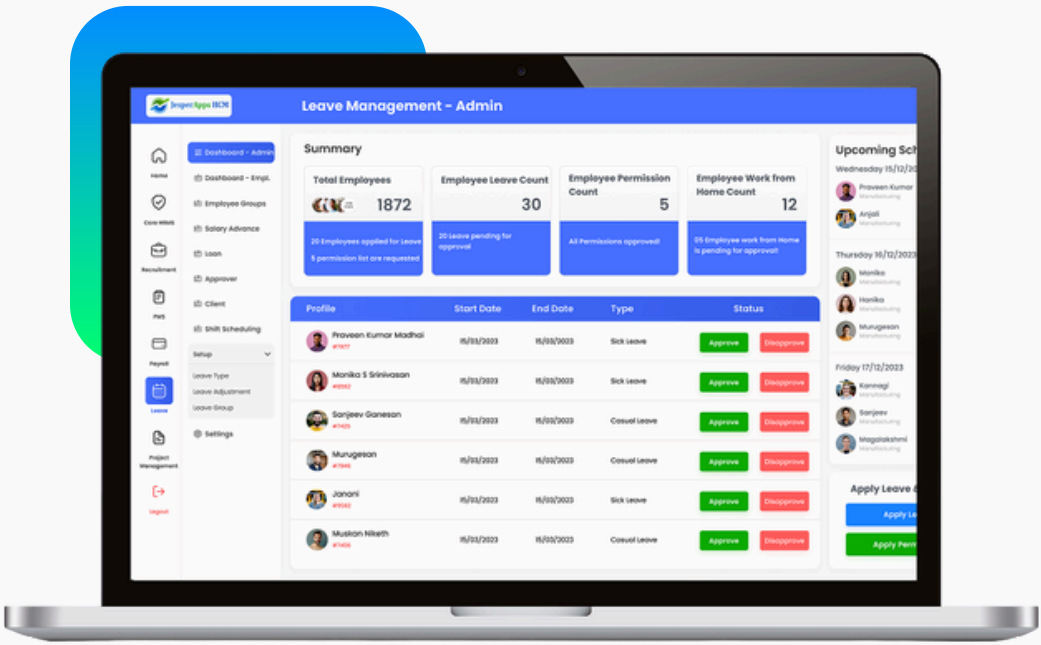
Jesper LeaveTrack



Smarter Leave Management. Fewer Headaches. Full Control

Designed for HR's, Loved by Employees

www.jesperapps.com

Managing employee leave shouldn't be a manual mess.

Jesper LeaveTrack is a powerful, intuitive Leave Management System (LMS) designed to streamline how you handle time-off requests, permissions, business travel, and remote work. Whether you're a lean startup or a growing enterprise, LeaveTrack empowers HR teams to work smarter, not harder—while ensuring full transparency and compliance.

With Jesper LeaveTrack, tracking leave is no longer a burden. It's a strategic advantage.

What Makes Jesper LeaveTrack Exceptional?

Intuitive Interface- Clean, modern UI that's easy to use —your team masters it in minutes.

Real-Time Tracking - See leave updates instantly. HR, managers, and staff always stay informed and aligned.

Centralized System - Manage all types of leave in one place. No more spreadsheets or scattered apps.

Configurable Leave Rules— Create custom leave policies, approval flows, and holidays for your orhanizations

Secure Role-Based Access- Control data access by role —keep HR info safe with proper permissions and logs.

Strategic Insights at Your Fingertips:

In-Depth Leave Reports - Gain a 360° view of leave trends with detailed analytics to drive smarter workforce planning.

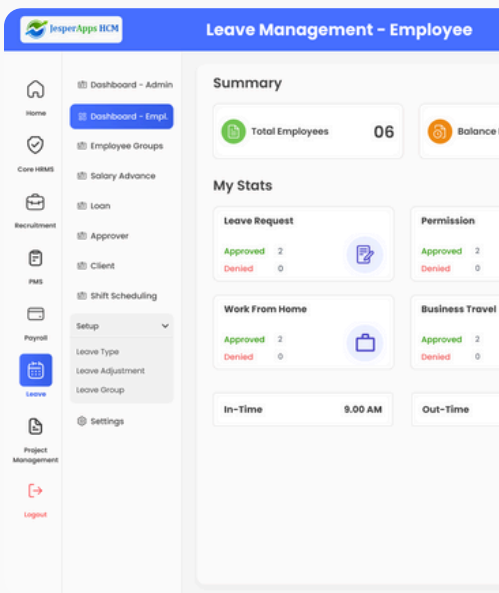
Request Summaries - Track leave, permissions, travel, and WFH activity at a glance.

Status Breakdowns - Get instant clarity on approved, pending, denied, or withdrawn requests.

Custom Filters -Drill down by department, date range, or individual employees for precision tracking and planning.

Strategic Insights at Your Fingertips:

- **Eliminate Manual Overhead** – Automate tedious leave workflows and approvals.
- **Improve Policy Compliance** – Built-in rules and alerts ensure adherence to internal guidelines and labor laws.
- **Enhance Employee Experience** – Empower teams with transparency and self-service capabilities.
- **Make Data-Driven Decisions** – Use real-time insights to plan better staffing, avoid bottlenecks, and support team productivity.



Whether you're managing a remote workforce, field staff, or a hybrid setup, Jesper LeaveTrack offers the flexibility, security, and insights you need to stay in control. No more email chains. No more miscommunication. Just smooth, smart leave management.
